

Innovative Healthcare Solutions

2009 Company Retreat Savannah, Georgia

Innovative Healthcare Solutions consultants gathered in historic Savannah, Georgia for our annual retreat on May 14th through May 17th, 2009. The retreat committee did a great job of planning a great agenda and lots of fun in Savannah.

Our company meeting was productive with the annual company update and updates from individual consultants sharing recent engagement overviews and lesson learned. We celebrated our successful accomplishments of meeting all company goals for 2008 in which everyone made a contribution. The agenda contained important industry specific relevant topics including a presentation on the American Rescue and Recovery Act and what it means to us and our clients. We also had two of our consultants demonstrate the new Horizon applications.

Staying in the heart of the historic district in downtown Savannah, everyone was able to spend time touring and shopping. The group was treated to dinners at two of Savannah's most famous restaurants, Elizabeth's and Paula Dean's Lady & Sons. The finale was a ghost tour to walk off all the wonderful southern cuisine.

As with every year, the retreat was a big success and renewed commitments to each consultant and the company's overall success going forward. As is our tradition, a city or beach in 2009 means the mountains or countryside for 2010.
