

Innovative Healthcare Solutions

Bringing Innovative Ideas to Healthcare Traditions

Welcome to Innovative Healthcare Solutions (IHS) E-News quarterly electronic publication that gives you the most up-to-date information on our client collaborations. In an effort to provide you with 'current events' IHS has posted this quarter's top stories. We hope you will find them informative and news-worthy. Presented by Innovative Healthcare Solutions, Inc., Principals Robin Bayne and Patricia Stewart.

- **Alverno Information Services (AIS)**, the corporate data center for the **Sisters of St. Francis Health Services in Beech Grove, Indiana** have asked IHS to review and validate the pharmacy orders for their EPIC implementation. While IHS does not specialize in this area, in an on-going effort to provide our customers with the services they need, we were able to turn to one of our many associates to facilitate.
- On June 1st, **Cascade Healthcare Community (CHC), located in Bend, Oregon** went live with over 22 applications and interfaces. Phase I included the McKesson STAR[™] and Pathway[™] financial applications, including Patient Accounting, Patient Processing, EC2000, Receivables Workstation, upgrading Pathways Healthcare Scheduling[™], Pathways Financial and Materials Management and several other areas. We are pleased with the success of this go-live and congratulate all who helped make this such a success.
- Continuing our rewarding partnership, **Leesburg Regional Medical Center (LRMC) and The Villages Regional Hospital (TVRH), located in Leesburg, Florida** have teamed up for the implementation of Horizon Admin-Rx[™]. IHS is excited to be working with LRMC on this very important project.
- **HealthEast Care Systems (HECS)**, the largest healthcare provider in the Twin Cities east metro area, and IHS are collaborating on the implementation of Horizon Expert Orders and the creation of custom iForms. HECS is a new IHS client, and we welcome them to IHS.
- **McKenzie Willamette Medical Center (MWMC)**, located in Springfield, OR and part of the Community Health System network, has partnered with IHS to receive system assessments and optimizations for Horizon Expert Documentation[™], Horizon Meds Manager[™], Horizon Lab[™], Horizon Surgical Manager[™], and Pathways Healthcare Scheduling[™]. A warm welcome goes out to MWMC.
- **Memorial Health University Medical Center, (MHUMC), Savannah, Georgia** has asked for assistance converting their 5 MPIs into 1 in preparation for their Passport implementation. It is always a pleasure working with this team.
- **St. Vincent's Health System (SVHC)**, a five hospital system in Birmingham, AL and a long time partner with IHS, is working with us again on a Horizon Lab implementation. We thank SVHC for their continued collaboration.
- **Valley Medical Center (VMC), located in Renton Washington** is the state's first public district hospital and is the largest nonprofit healthcare provider between Seattle and Tacoma. VMC recently partnered with IHS to provide product expertise for STAR Patient Accounting projects and optimization. In addition, IHS is assisting with SQL report requests. We are excited to welcome VMC to the IHS family.
