

Innovative Healthcare Solutions

## Bringing Innovative Ideas to Healthcare Traditions

*{!Contact.FirstName}, welcome to Innovative Healthcare Solutions (IHS) E-News quarterly electronic publication that gives you the most up-to-date information on our client collaborations. In an effort to provide you with 'current events' IHS has posted this quarter's top stories. We hope you will find them informative and news-worthy. Presented by Innovative Healthcare Solutions, Inc., Principals Robin Bayne and Patricia Stewart. **IF YOU ARE UNABLE TO VIEW, PLEASE GO TO [www.ihsconsulting.com/newsletters](http://www.ihsconsulting.com/newsletters)***

Another busy and successful year, 2010 provided challenges for our clients and opportunities for Innovative Healthcare Solutions to help our clients achieve their goals. New initiatives were explored to help us grow. Steadfast traditions were continued to ensure we deliver quality consulting services to our clients. Milestones were reached; new frontiers were explored, and along the way accomplishments were made that are helping to carry Innovative Healthcare Solutions, Inc. into the future.

The strong relationship between our partners and IHS – clients and consultants – is what has made IHS a vital and successful company for the past 10 years. The strength of that relationship lies in the strong foundation of communication and collaboration between IHS and our partners. Together we can achieve great things for our organizations. This "Year in Review" highlights IHS' major accomplishments for 2010 and will serve to outline IHS' work for the future:

- IHS's ranking, published in the 2010 Top 20 Year-End Report released by KLAS, is based on direct feedback from healthcare providers that have utilized IHS's expertise and consulting resources over the past 13 months. We have received the Best in KLAS award for the professional services market segment, 'Clinical Implementation – Supportive' from KLAS Enterprises, LLC (KLAS).
- We continue to work with our customers on the Horizon Clinicals 10.x release. With all the positive outcomes this release brings with it, we're ready to continue helping our clients meet their goals within budget and on time.
- We continue to provide clinical and financial expertise to our customers, including project management, implementation and support services for both multi-facility and individual organizations. While we had many new customers partner with us in 2010, we had many of our existing clients request IHS for new projects, including EPIC implementations.
- IHS looks forward to seeing you at the 2011 HIMSS conference being held at the Orange County Convention Center in Orlando, Florida. We invite you to stop by our booth, #3230.

Moving into our 11<sup>th</sup> year, the Principals Robin Bayne and Pat Stewart as well as the consultants of IHS want to thank all our partners for your support during FY2010. We look forward to working closely with you again in FY2011. Have a happy and safe holiday season!
