# Bringing Innovative Ideas to Healthcare Traditions

*Welcome to Innovative Healthcare Solutions (IHS) E-News quarterly electronic publication that gives you the most up-to-date information on our client collaborations. In an effort to provide you with 'current events' IHS has posted this quarter's top stories. We hope you will find them informative and news-worthy. Presented by Innovative Healthcare Solutions, Inc., Principals Robin Bayne and Patricia Stewart.*

It's that time of year again, the Holidays are upon us and 2011 is coming to an end. So many pressures come with the holiday season. There is the joy of helping others, spreading good cheer, and enjoying time with family and friends. But there is still business at hand that needs to be accomplished and with ARRA, ICD-10, and meaningful use deadlines knocking at the door, there is little time to sit back and enjoy this time of the year.

December 15, 2011, KLAS released their Top 20 Best in KLAS report. IHS received "Best in KLAS" for Clinical Implementation Supportive for the second year in a row and scored 94.8 under the category of Other Services for Staff Augmentation. This is a direct reflection of the comments and scoring our client partners' provide on our consultants showing the dedication and knowledge they provide.

Many of our clients are in the middle of implementing key system components to meet meaningful use and the ICD-10 requirements. We want to congratulate our partner Kadlec Regional Medical Center for their "big bang" go-live on Epic Systems November 1st. IHS Epic Consultants Misty Anguiano, Ethan Killgore, Daryl Lynn, and Jennifer Schaaf worked alongside the Kadlec and Epic team members to contribute to this significant milestone. We appreciate the opportunity to work with KRMC, and we wish KRMC continued success as they execute their strategic vision of better serving their patients through healthcare IT.

We at IHS want to "Thank You" for your continued partnership and wish you a very Happy Holiday Season and ensure to you that we are here to help you through the hurdles of 2012. Have a safe and memorable holiday.

Sincerely,

Laura Hudman
